

Hello,

Lightning / E-Commerce Update

Computer Perfect is pleased to announce the latest update to Lightning/E-Commerce which gives you the benefit of 3 new features:

1. Adding Weight Feature

Lightning E-Commerce now allows you to insert default weights for your sizes.

2. Shipping

The E-Commerce 'Dashboard' has been enhanced to include tracking information, label printing, tracking tools and voiding for UPS, FedEx and USPS.

3. Door Dash Interface

If an order is set to 'Hand Deliver,' it means that the store will deliver the items using the services of Door Dash.

For more information on these new features, please click the button below.
