

## THE POWER OF LIGHTNING.

### Time for a Make-over?

**Ring out the Old**

**Ring in the New**

Lightning can help you with a specially curated suite of smart, sleek and sexy check out hardware guaranteed to:

- Add elegance to the optics of your store's check-out points.
- Take up less space and allow for clean, clutter-free counter space.
- Provide mobile check out facilities.
- Send out a clear message of your store being in tune with the times.

Lightning is pleased to offer/recommend the following configuration which is fully compatible with the Lightning Online POS and Lightning E-Commerce systems:

#### **Apple iPad Air - 4th Generation**

**Ipdad Stand** with a security key and a swivel feature, horizontal viewing in a white enclosure, easy removal for mobility throughout the store if needed.

#### **Star Receipt Printer TSP, Thermal**

Connects via an RJ45 network cable.

#### **Socket Mobile**

#### **Cyber Power Battery Backup**

Units will be placed under the countertop for each register  
This is a highly recommended component.

#### **Pax S300**

Signature capture support, no paper needed, and includes contact-less support.  
Connects via RJ45 network cable.

#### **\*\* Under Development \*\***

Pax A60 Smart Mobile Series, with 4G cellular network support:  
Signature capture support, contact-less, Bluetooth, sleek-looking, white design.
