Introducing QuickBooks Online Integration

intuit
QuickBooks®
Online

Computer Perfect is pleased to announce its integration with QuickBooks Online, the leading accounting software for small businesses.

The integration with QuickBooks Online allows Lightning Online Point of Sale users to automatically import their daily closing sales figures along with accounts payables directly from Lightning.

Since the two systems are fully integrated, no manual inputs are required, as the accounting process is made easy, quick and free from human error.

Cheers!

Plug in to the Power of Lightning!
