

THE POWER OF LIGHTNING.

NEWSLETTER - NOVEMBER 2020

Meet the latest addition to our family!

Computer Perfect is pleased to introduce Vincent Groccia who has joined us as President. He brings to the table a wealth of leadership experience across multiple disciplines and several industry segments. The primary purpose of bringing on board such a seasoned executive is to ensure the speedy growth of the firm in a structured and professional way.

Vincent will be responsible for taking Computer Perfect to new heights of excellence, as he will steer all new growth and diversification initiatives.

Prior to joining Computer Perfect, he held the position of President & CEO of ColorVera Biotech Group, Inc., a US based start-up subsidiary of an Asian Beauty & Cosmetics contract manufacturer. He was based in New York.

His experience also includes a stint as Senior Vice President Americas for the Texen Group, a global packaging company where he was responsible for all business in North & South America.

Prior to Texen, he was the COO of Topline Products Company Inc., a global packaging and cosmetics manufacturer. Here he was responsible for all global business.

The team at Computer Perfect joins me in warmly welcoming Vincent. We look forward to many new initiatives for achieving excellence under his leadership.

Cheers!

Thomas Greco
