Lightning Online POS

Sign In

The screenshot shows the Lightning Online POS sign-in interface. At the top, it says "LIGHTNING ONLINE POINT OF SALE". Below that, a message reads "You have successfully logged out". The sign-in form includes fields for "Employee ID", "Password", and "Store #". A "Clear" button and a "Submit" button are located below the form. A checkbox option is present: "Let us remember your Employee ID, Password & Store Number." with a note: "*If you share this computer with others we strongly recommend you not check this box." To the right, a "Recent Enhancements" section lists several updates: "Inventory Item Script" (allowing a message when selling an item), "Data Entry Screens" (redesigning customer, inventory, vendor, and employee data entry screens), and "The Employee Security screen" (improved when setting access/no-access). A "Great Feature" section is partially visible at the bottom.

Ring Sales

Our easy to operate Ring Sales screen requires little training.

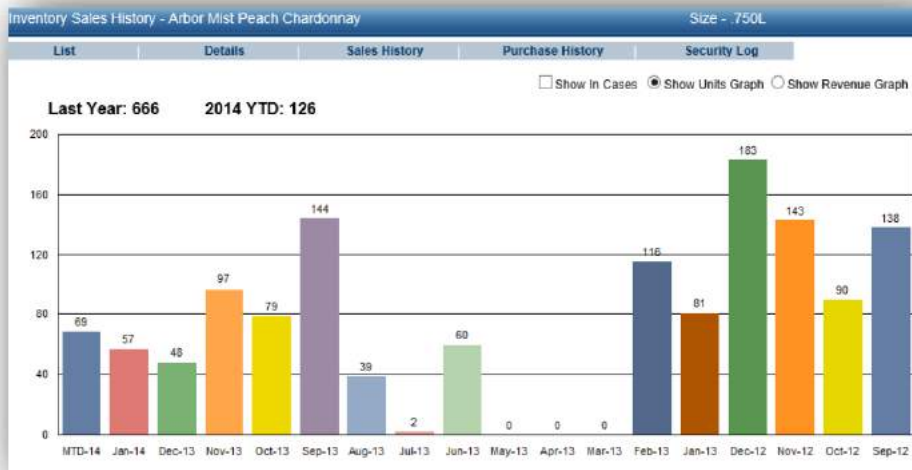

Multiple Options

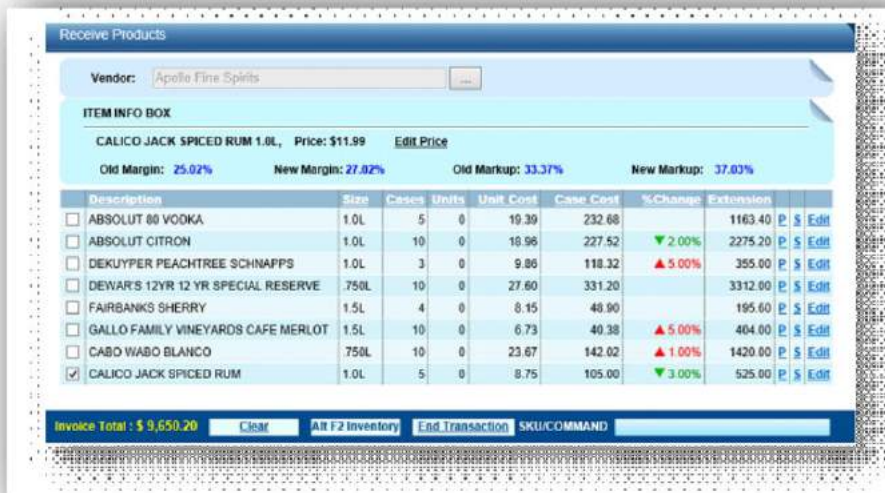

Inventory Sales Graph:

Lightning Online Point of Sale displays eighteen months of inventory sales history. You can view data by the bottle or case if needed, returns, promotions, and more.

Streamline Inventory Recording

Inventory receiving has never been better. Every keystroke has been thought out carefully to ensure your receiving sessions are a *Lightning* experience.

Advanced Discounts

Our Advanced Discount Groups allow automatic discounts to be applied at the register once a predetermined number of qualifying items are sold.

Discounts can be set up by a fixed dollar or percentage.
Easy setup ... impressive results.

Marketing Center

Lightning offers multiple tools to promote your business. More than Point of Sale, Lightning can capture key demographics on your customers. Promote your business with these vital business data.

Reach out to customers who haven't visited in a while.

Alert customers when their favorite items arrive.

Realize what customers purchase at which prices.

Produce new customer reports or anything else you could think of.

Loyalty Rewards Program

Keep your customers coming back by setting up a loyalty rewards program. From one location to multiple, Lightning handles it. Just swipe the customer's rewards card or use their mobile number.

A full array of reports are available at the back end, from points given/redeemed per day to detailed tracking by customer/date range.

The same type of report is available for *'Points Redeemed.'*

All-in-One Credit Card Device

- Process credit cards with our all in one device.
- Complete with credit, debit, contactless, and signature capture features.
- No need for years of signed paper receipts. Plus, in most environments, no signature is required for transactions that are under \$25.00.

Work from anywhere: your home, café...

- Since Lightning is an online application you will have complete access to your store from anywhere.
- No third-party software required. Check today's sales, drill down on voided transactions, returns.. full access is yours. Simply open your browser OR use our iPad and iPhone application.

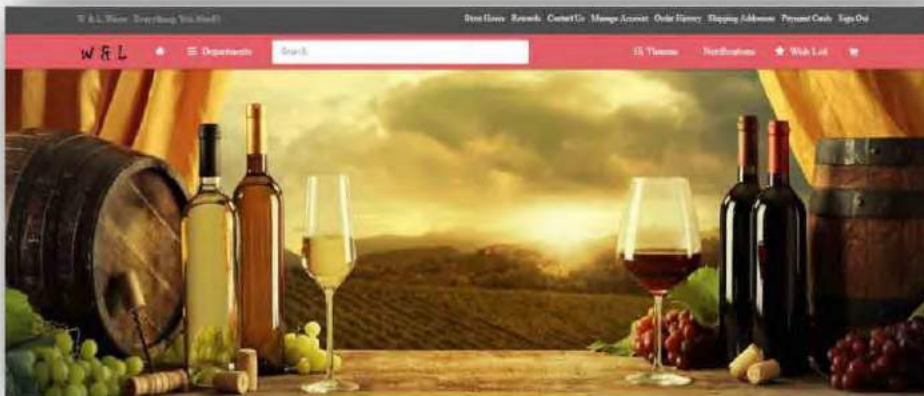

Lightning E-Commerce

Lightning Online Point of Sale and Lightning E-Commerce are developed by us, which makes our platform one integrated solution. No need for double entries. The inventory, customers, rewards, gift cards, and beyond are as real-time as it gets. From one location to your enterprise, always be in the know. PLUS, your own branded Android & iOS apps are included.

Technical Support Services

Unmatched Technical Support

You call, we answer.

Our technical service support is our badge of honor. We have an unbeaten record of second ring response, seven days a week, including holidays, with zero hold times. An actual technical expert who is well equipped and eager to help will pick up the phone and respond to your specific query.

Whether it is simple or complex, you will receive undivided attention and a fully satisfactory solution. Every time. No mind-numbing robots, no never-ending menus, no frustration. Just great technical service support. Really. So, if you are looking for an asterisk, there is none.

How many others can claim this?

Emergency Mode

What if my internet connection is down? Lightning has you covered.

Since Lightning Online Point of Sale is contingent on your store's internet connection, what happens if your store or one of our multiple servers experiences a connectivity issue?

With Lightning Emergency Mode, your business can continue to check-out customers while the connectivity issues are being resolved in the background.*

* Limitations apply

Lightning Digital Marketing

Lightning Online P.O.S. retailers can take advantage of an array of P.O.S. technologies that *offers to advertise products and services to better connect with their customers.*

The technologies, **Lightning Enhanced Pole Display** & the **Lightning In-Store Kiosk** are provided at no fee, in most situations, to merchants who subscribe to the Lightning Online P.O.S. system.

Enhanced Pole Display:

Our innovative enhanced pole display utilizes an 8" tablet for a perfectly sized crisp visual experience for transaction detail at the point of check out.

When the register is idle, streaming ads (non-audio) featuring products available in most wine & spirit retailers, will loop in intervals in an attractive and vivid imagery. There is no upkeep on your end as all images are maintained by us.

In-Store Kiosk:

Our Lightning In-Store Kiosk, utilizes your store's data, in real-time, which provides an interactive collaboration between the store and your customer. It's an opportunity to educate, inform, inspire and promote your business.

The Lightning Kiosk allows your customer to quickly perform inventory look-up, price checks, gift card balance checks, loyalty status, food pairing, sign-up new customers, and promote specific products or new arrivals.

Computer Perfect, the developers of the Lightning P.O.S. Technology Platform is more than a point of sale company, as we encompass technologies retailers need, from the In-Store point of sale, E-Commerce, Enhanced Pole Displays, and Kiosk Services. Elevate your business with Lightning.

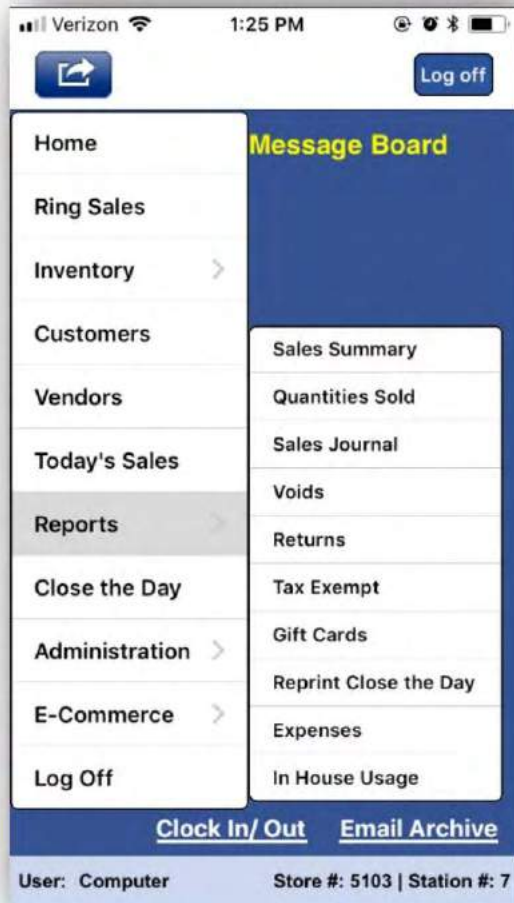

iPad & iPhone

Ring Sales, process credit cards, check today's sales, run sales reports, adjust employee security settings, have full access to your inventory, and more ... in realtime. Exactly like Lightning Online Point of Sale for your browser, Lightning for the iPad and iPhone displays the identical information with the same look and feel. In the palm of your hand. Real-time data, from ringing sales, running sales reports, and more.

Feel the power of Lightning Online Point of Sale for the iPad and iPhone.

Industry Specific Delivery Services Partners

Drizly has transformed the way alcohol is shopped, sold, and shared by bringing the local wine & spirit retailer right to your smartphone. Lightning Online Point of Sale is integrated into their platform at almost every level and it is considered one of our most integrated partners. You will be impressed.

Minibar Delivery offers the easiest way to lift your spirits. With a few taps, you can get wine, beer, and liquor delivered to your door. The site partners with local liquor stores and does not hold a liquor license or deliver directly. Lightning Online Point of Sale is integrated to their platform at almost every level and is considered one of our most integrated partners.
