

THE POWER OF LIGHTNING.

Sharing is Caring

Necessity is the mother of all invention. This was brought home powerfully by the pandemic. The lockdown necessitated that we take a good long look at all aspects of our lives and our livelihood that we may have taken for granted in the past. Heroic stories abound of the innovative ways that people used to cope. From musicians performing from their terraces to executives conducting online yoga classes. And, much more.

Now, Computer Perfect would love to hear from you about the challenges your business faced in the last 18 months and of some of the innovative methods you used to cope with these challenges. We would love to have you share these with us and to have your permission to share them in turn with the rest of the world via our website and newsletters.

If you have a special success story you could share, do get back to us by July 1, 2021. Your efforts will not be in vain. The best story will be awarded a prize of a \$100 Visa Gift Card.

Watch this space for the results!

Thank you.
